Care porcelain Porcelain - like a good wine. For the faithful preservation of it should be less trouble. Storage under the glass in the cupboard or the window will not hide from you the advantages of porcelain but it will protect them from accidental damage. Wash especially valuable porcelain is better as rarely as possible and if we had something better to do this in a small basin having spread to the bottom of the towel and without lifting the product highly. Recommend wash by hand only. Expensive porcelain items can be rinsed in warm water with a small addition of detergents avoiding the use of hard brushes and sponges. The most valuable items of expensive porcelain should not be washed. Best to clean them regular with a soft brush. To restore the Shine you can wipe the porcelain with a dry, soft cloth. Every time after you have washed the expensive porcelain, it should be gently USDbed to a Shine until drops of water do not dry and not left on the porcelain marks. If porcelain ware - coffee pots, tea pots - have lost their color they can be clean outside easy solution
